Regardless of the number of teams you play for on a permanent basis you only pay the NSW, IMH, IWHA, Canteen and West's fee once. To calculate your fees if you play in multiple teams take the total fee for one of the teams you play in then add the team fee component for your other teams plus the IMH or IWHA fee if it was not part of your original team. Fee discounts are available please see below for details.

Fees are due by the end of April. Players having difficulty paying should contact the treasurer to arrange to pay by instalments. Fees can be paid by Cheque, BPAY, EFT, Pay by Phone (Credit Cards), Internet (Credit Cards) or at Australia Post Offices, details will be attached to the bottom of invoices.

If you fail to pay your fees by the due date or as per arrangements made with the treasurer you will be stood down from future matches until the fee is paid. If at the end of the season you still haven't paid you will be listed with NSW Hockey as being unfinancial and stopped from playing anywhere in NSW. If you still haven't paid 12 months after being due legal action will be initiated to recover your fees, the cost of this action will also be added to your debt.

It should be noted that the West's fee component is the only charge that goes towards running the hockey club as all other charges are passed on to various Illawarra Hockey Associations. The West's component as well as fundraising is needed to cover equipment costs (shirts, balls, markers, GK equipment), field hire for training, team coaches, administration and presentations. So please assist where possible with fundraising activities the club puts on such as the Trivia Night and October Fest.
